SUMMARY

A passionate web developer specializing in creating responsive web designs and user-friendly interfaces. Experienced in front-end development with React and back-end development with Node.js, with a strong focus on performance optimization, SEO, and web accessibility.

EDUCATION

UNIVERSITY OF BENIN

EDO STATE, NIGERIA

Bachelor of Science in Computer Science

Aug 2020 - Dec 2024

EXPERIENCE

Full-stack developer Intern- ABR Technologies LTD

Jan 2024 - Mar 2024

- Developed Bloggerzine, a versatile blog platform, during my internship at ABR Technologies LTD.
- Utilized Next.js and TypeScript to create a responsive and user-friendly interface, ensuring a seamless experience across various devices.
- Integrated Supabase for backend services and secure user authentication, enhancing the platform's security and reliability.

PROJECTS

Bloggerzine - Next.js, Typescript, Supabase

https://bloggerzine.vercel.app

- Engineered a versatile blog platform catering to all types of blog topics using Next.js and Supabase for database and authentication, delivering a user-friendly and responsive experience.
- Skillfully integrated TypeScript for enhanced front-end development, implemented robust backend functionality with Next.js, and ensured seamless user experiences.

Shopparel - React.js, Typescript, Node.js, Express.js, MongoDB

https://shopparel.vercel.app

- Created a comprehensive fashion e-commerce web application using Typescript, React for a dynamic frontend, Express for a robust backend, and MongoDB for efficient data management.
- Implemented responsive user interfaces with React, while optimizing data handling through MongoDB, ensuring a seamless shopping experience and efficient backend functionality.

Pikxr - React.js, Node.js, Express.js, MongoDB

https://pikxr.onrender.com

- Developed a dynamic social media web application, Pikxr, using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Implemented JSON Web Token (JWT) authentication to bolster security measures within Pikxr, ensuring a safe and reliable user authentication process.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, TypeScript. **Frameworks:** React, Node.js, Express.js, Next.js.

Database: MongoDB, Supabase. **Version Control:** Git, Github.

Others: Tailwind CSS, JWT, OAuth, Responsive design, RESTful APIs.
