### **SUMMARY**

A passionate web developer specializing in creating responsive web designs and user-friendly interfaces. Experienced in front-end development with React and back-end development with Node.js, with a strong focus on performance optimization, SEO, and web accessibility.

### **EDUCATION**

#### **UNIVERSITY OF BENIN**

**EDO STATE, NIGERIA** 

Bachelor of Science in Computer Science

Aug 2020 - Dec 2024

## **PROJECTS**

**Bloggerzine** - Next.js, Typescript, Supabase

### https://bloggerzine.vercel.app

- Engineered a versatile blog platform catering to all types of blog topics using Next.js and Supabase for database and authentication, delivering a user-friendly and responsive experience.
- Skillfully integrated TypeScript for enhanced front-end development, implemented robust backend functionality with Next.js, and ensured seamless user experiences.
- Strengthened the security of the platform by incorporating Supabase authentication, ensuring a secure and reliable user authentication process for enhanced user data protection.

# **Shopparel** - React.js, Typescript, Node.js, Express.js, MongoDB

### https://shopparel.vercel.app

- Created a comprehensive fashion e-commerce web application using Typescript, React for a dynamic frontend, Express for a robust backend, and MongoDB for efficient data management.
- Led the end-to-end development process, seamlessly integrating Typescript throughout the stack ensuring a modern, type-safe code-base for enhanced reliability and maintainability.
- Implemented responsive user interfaces with React, while optimizing data handling through MongoDB, ensuring a seamless shopping experience and efficient backend functionality for the fashion e-commerce web app

### Pikxr - React.js, Node.js, Express.js, MongoDB

### https://pikxr.onrender.com

- Developed a dynamic social media web application, Pikxr, using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Led end-to-end development, implementing robust backend functionality with Node.js and Express.js, seamless front-end experiences with React.js, and data management using MongoDB.
- Implemented JSON Web Token (JWT) authentication to bolster security measures within Pikxr, ensuring a safe and reliable user authentication process.

### **TECHNICAL SKILLS**

**Languages:** HTML, CSS, JavaScript, TypeScript. **Frameworks:** React, Node.js, Express.js, Next.js.

**Database:** MongoDB, Supabase. **Version Control:** Git, Github.

**Others:** Tailwind CSS, JWT, OAuth, Responsive design, RESTful APIs.
